

## CHANGES FROM MONDAY 21ST JUNE...

Whilst it's disappointing that restrictions are continuing for a further 4 weeks, we are pleased to announce the introduction of a new timetable from 21st June. We will also be re-opening the children's pool with a limited capacity of 35 people (during open swims, daily from 11am).

Booking in advance is still advised to guarantee your swim as participation numbers for each wave remain restricted. We will continue to restrict numbers until we all feel more comfortable socialising in larger crowds.

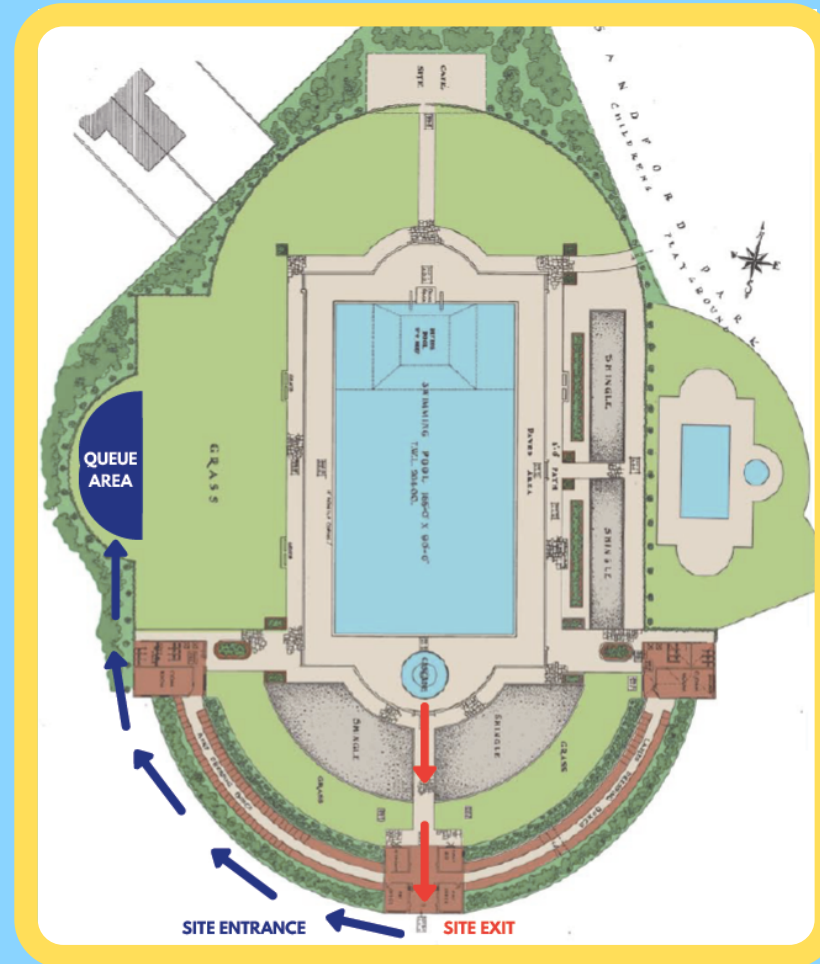

- All pool slides will be open
- Outdoor lockers will be available to use
- One-way system within the grounds will be removed and you will be free to roam
- We will have a gradual re-opening of the cafe as soon as reasonably practicable, with a full operation expected by the 19th July

### FOR OPEN SWIMS ONLY:

One-way system for entry/exit during:

- Follow arrows from Reception round to the rear of the main lawn (in blue on plan)
- You will remain in this section until your wave begins
- After your swim, please leave the site via the main Reception (red arrows on plan)

This new system will ensure we can provide a safe queuing area for a larger capacity away from the busy car park. Capacity for each wave will be regularly assessed and adjusted according to government policy and customer comfort and safety. **The queue system for lane swims will remain the same.**

**PLEASE SEE OUR  
 WEBSITE FOR THE  
 NEW TIMETABLE**
